- ✓ Then choose the User Account tab to type in your own personal password

**Once you set your personal password you will begin using your primary email and password to access AET versus your chapter ID and password. Every teacher can now have their own login versus sharing one for all teachers in the chapter.*

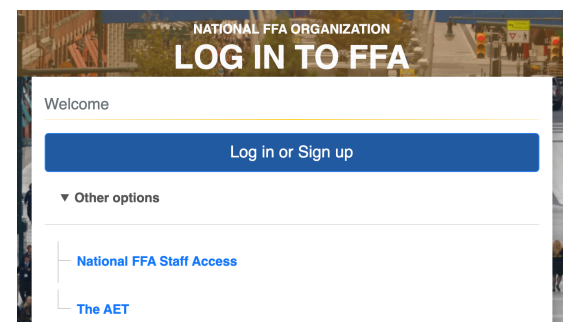

Step 2: Benefits of your Individual Login

- ✓ When you login as a teacher to AET you will now see new options at the bottom of the page when you click the PROFILE tab
- ✓ **If you use your new individual login you will automatically be logged into FFA.org and JudgingCard.com** (You will see (signed-in) below the FFA logo if you are logged in as an individual and you will not see anything if you are signed in using the old chapter login (CA0222))

Step 3: How to login to FFA.org from AET

- ✓ Click the National FFA Organization logo located on the PROFILE tab page
- ✓ Once a new tab opens for ffa.org, choose ROSTER at the top right corner
- ✓ It will take you to the LOG IN TO FFA page and choose "Other Options"
- ✓ Select The AET and it will validate your login from AET

This new login process allows your AET, FFA.org and Judging Card logins to validate from AET, allowing quick and easy access without remembering another password.
